Re: Letter of Recommendation

Dear Ms. Tucker:

Polaris Forensics, Inc. (Polaris) has engaged MRB Contractors, LLC (MRB) to perform investigative and repair services at the roofs of various roofs of structures including the building we office out of. The roof coverings for which MRB has assisted include built up roof membrane, TPO/PVC membranes, and modified bitumen roof coverings.

MRB staff has been extremely professional and have performed excellent work. The staff have been always on time, very thorough and diligent. The work performed by the MRB professionals have been very good. They have always performed the work with attention to details, safely, cleaned the work area, and have left the roof in a clean condition. The repairs performed have worked adequately with no complaints of leakage after the roof repair. I would recommend MRB to any building owner who needs roof repair and/or replacement.

If you have any questions, please feel free to call or email.
